Sri Charan Singh
General Manager (Radar) & Unit Head
Bharat Electronics Limited,
Site - IV, Sahibabad Indl. Area,
Bharat Nagar Post,
Ghaziabad 201010

Dear Mr Charan Singh

1. It is with appreciation that I write this letter in respect of Shri Ram Pravesh and his team of professionals from Bharat Electronics Ltd, Ghaziabad, whose efforts during Setting to Work (STW) and integration of radar Revathi on board INS Kiltan (Ex-Yard 3019) have resulted in successful completion of harbour and sea acceptance trials, and liquidation of observations in challenging time-frames.
2. Prior to commencement of work, Shri Ram Pravesh had prepared a detailed activity chart and discussed the sequence of activities with WOT. This helped WOT to monitor the progress every day. It was brought to my notice that this team was able to adhere to their plan largely due to the leadership of Shri Ram Pravesh who overcame several teething issues during STW and integration with data bus network, CMS and trackers; including quick liquidation of defects that were encountered in the run-up to the harbour trials.
3. I once again extend my appreciation of Shri Ram Pravesh and his team and congratulate them for their success.

Warm Regards

CONGRATS!!

Sodam (PA-R)

Sh. Dharendra Talwar
